

Setup Instructions: Eudora Pro 4.0 E-mail Client

1. Open Eudora Pro.
2. Click on **Tools**, then **Options**.
3. For **Real name**, type your full name. For **Return address**, type your e-mail address: user@psinet.com for a Remote Access account, or user.domain.com for a PSINet e-Mail account. For **Mail Server**, type pop3.psinet.com for a Remote Access account, or psimail.domain.com for a PSINet e-Mail account. For **Login Name**, type your username.
4. Click on **Checking Mail**.
5. Check the **Save password** box so that you don't have to type in your password each time you check your mail.
6. Click on **Sending Mail**.
7. For the **SMTP Server**, type smtp.psinet.com for a Remote Access account, or smtp.domain.com for a PSINet e-Mail account. The other settings in the **Options** window are personal preference settings; complete them to meet your individual needs.
